Dear Sir/Madam

I'm Applying for Internship position in Broadband Systems Corporation (BSC).

I recently graduated from Integrated Polytechnic Regional College-Huye (IPRC-HUYE) and as I am experienced in different IT career, I am writing to express my strong interest in this position of internship. While my professional background has primary focused on networking, JavaScript, bootstrap, html, css etc. I'm excited to convey how my skills set, problem solving abilities and eagerness to embrace new challenges make me a compelling candidate for this role.

In fact I have worked as an intern in MTN-RWANDA Cell at IT department, while there I was gained different skills to make valuable contribution in this position, I also have experience in different programming languages, database and maintenance of computers and printers. I hope this will be a harbinger of good things to come and that we will be doing our best in the workplace.

I am very excited by this career opportunity and am interested in meeting with you to discuss it further. I am confident that my accounting experience, supported by my skills an bring a unique perspective to your internship opportunities, I'm looking forward to hearing from you soon.

Yours Sincerely,

IZERIMANA Yvonne
